

# Nathan Doan

Auckland, New Zealand | nathandoan24@gmail.com | 0212851357 |  

Second-year Information Technology student with practical experience in web and mobile app development. Proficient in React.js, React Native, C#, and PostgreSQL. Passionate about building scalable, user-friendly applications. Hands-on experience in software development life cycle, problem-solving, and collaborating with cross-functional teams. Continuously enhancing knowledge through hackathons, conferences, and online learning. Seeking a software development intern role to apply expertise and contribute to innovative solutions.

---

## Work Experience

---

### Cross-platform Mobile App Developer Intern

#### Challengz

January 2025 - March 2025

Auckland, New Zealand

- Developed a cross-platform mobile app for iOS and Android with key features, including video sharing, a recommendation algorithm, real-time interactions, and an intuitive UI/UX.
- Enhanced an existing React Native mobile app, improving UI and integrating Supabase for seamless backend functionality.
- Built a web-based advertising platform using React.js, increasing visibility for targeted audiences.
- Collaborated with a diverse team of developers, designers, and stakeholders, ensuring timely project delivery and efficient workflow.

### Frontend Developer Intern

#### MegaBliss Worldwide

August 2023 - November 2023

Auckland, New Zealand

- Developed a dynamic web application for hotel, restaurant, and vacation bookings, streamlining business operations and enhancing customer experience.
- Used ReactJS and Chakra UI for frontend development, Java Spring Boot for backend logic, and AWS for cloud storage and deployment.
- Designed and built a WordPress-based website to support marketing efforts, boosting business visibility.
- Collaborated with a team of four, balancing technical and project management responsibilities, ensuring optimal user experience and performance.

## Projects

### KCNail Website

*Developed a custom booking web application to improve operations for a nail salon*

- **Problem Solved:** Manual appointment bookings were inefficient and prone to scheduling conflicts.
- **Solution:** Implemented an online booking system that automates client information handling.
- **Features:** Admin dashboard for managing appointments, staff allocation, and revenue tracking.
- **Tech Stack:** ReactJS, ExpressJS, PostgreSQL.
- **Results:** Reduced booking errors and increased scheduling efficiency by 50%.
- **Links:** <https://kc-nail.vercel.app/> for showcase and <https://nailbookingapp.vercel.app/> for booking.

## Inventory Management System

*Developed a Windows Forms application to streamline inventory management for small businesses.*

- **Problem Solved:** Business owners struggled with manual inventory tracking.
- **Solution:** Created an application to add, edit, delete, and retrieve product details efficiently.
- **Tech Stack:** C#
- **Results:** Improved product tracking, reducing inventory management time by 40%.
- **Duration:** Completed in 3 weeks.

## Movie Application

*Built an online movie seat reservation system for a theater.*

- **Problem Solved:** Customers had limited options for online seat booking.
  - **Solution:** Implemented a responsive website allowing users to choose seats and view available movies.
  - **Tech Stack:** ReactJS
  - **Results:** Enhanced user experience and increased online ticket sales by 30%.
  - **Live:** <https://movie-theater-three.vercel.app/>.
- 

## Certificates

- Paragon One Certificate - Extern (March 18, 2024)
  - Microsoft Student Ambassador - Microsoft (January, 2024)
  - Full-Stack Website Certificate - LinkedIn Learning
  - JavaScript Certificate - Codecademy
  - Data Science Foundation Certificate - Codecademy
  - Datacom - Software Development Job Simulation (April, 2024)
- 

## Volunteer Experiences

- Microsoft Student Ambassador:
  - Organized tech workshops and mentorship sessions, guiding students in programming and career development.
  - Built and nurtured a local developer community, fostering collaboration and knowledge sharing.
  - Represented Microsoft in various student events, promoting technology and innovation.

## Education

---

2023 - 2026

Whitecliffe College

Bachelor of Information Technology

2019 - 2021

Papatoetoe High School

NCEA Level 1, 2 and 3: Achievement with Merit

## Technical Skills

---

- Programming Languages: Java, Python, JavaScript, C#
- Web Development: HTML/CSS, React.js, Node.js
- Database Management: SQL, MongoDB, Supabase, Firebase
- Version Control: Git
- Development Tools: IntelliJ IDEA, Visual Studio Code
- Mobile Development: React Native

## Languages

---

- English — Professional
- Vietnamese — Native or Bilingual
- French — Beginner
